An Introduction

Advancing your success through technology

Every moment lost to failing technology is a missed opportunity to move your business forward. Don't risk the success of your company - leave it to the IT professionals at Sirona Solutions. Sirona is dedicated to providing guaranteed quality of service and technical excellence without the "geek speak."

A Partnership that Works

Sirona partners with you and your team to help you reach your business goals. We value longterm relationships with our clients and will work closely with your business to ensure that you have the resources you need to be successful.

A Custom Solution

Our experienced professionals will customise, create, and train your staff to manage and support all your IT needs. We are committed to delivering the right IT solutions - so you can focus on running your business.

One Company

Our Managed Services solutions mean you'll only have to call one person for any IT issue. We manage your entire IT environment, taking all those timeconsuming issues away from you.

With increased uptime, resources, and profitability, your customised Sirona IT solution will pay for itself and put your business on the path to higher success.

Letting you do what you do best... run your business

Computer problems cost small businesses thousands of pounds every year. Further time is then wasted trying to track down a reliable company to get you back up and running.

Sirona Solutions gives you immediate access to an experienced support team and gets you back to business as quickly as possible.

Our Customers

We have a varied client base ranging from sole traders through to national and international firms. We provide tailored IT solutions in order to meet our client's specific technology requirements. Our service capabilities range from on-demand support, to full managed services and enhanced disaster recovery services.

Through effective transparent partnerships we are able to develop specific services to meet our client's objectives. By offering a broad range of solutions, tailored to meet our client's needs, we are able to offer industry leading services at cost-effective prices.

We are a dynamic company, dedicating many of our resource to improving customer service and into researching new products and systems in order to enhance our mode of operation.

"Sirona set up our new server and computers with hardly any interruption. We always receive very rapid response to a phone call or email. It's nice to finally have someone to support us with our technology issues. Our computers have never worked better."
